Specifications

Exol Athena LS 80W-90 Gear Oil 205 Litre G104B01

Product Description: Athena LS 80W-90 is a specially formulated extreme pressure gear oil for use in limited slip differentials.

The introduction of the limited slip differential introduced further requirements for lubricants.

The use of multipurpose gear oils did not prevent the chatter and slip stick operation of the clutches.

Athena LS 80W-90 gear oil is manufactured from high quality base oils, performance EP additives and specially selected friction modifiers to provide a lubricant with the exacting requirements for limited slip operations.

Benefits: Reduces whining and chattering

Excellent high temperature stability

Ensures clutches slide smoothly

Extreme pressure properties

Application Athena LS 80W-90 is suitable for limited slip differentials fitted to cars, vans, trucks, buses, and agricultural and construction equipment.

PLEASE NOTE OIL DELIVERIES ARE U.K. MAINLAND ONLY
