Part No: G1084

Price: £5.95 (exc VAT) | £7.14 (inc VAT)

Specifications

G1084 Granville Carb Cleaner (Aerosol 500ml)

G+PRO Carb & Air Intake Cleaner is a blend of hydrocarbon solvents and detergents which has been specifically developed to quickly and effectively remove gum and varnish deposits from automotive carburettors and air intakes.

It helps to improve engine efficiency and fuel economy, eliminating poor idling and improving throttle response.

Strong solvents dissolve and flush dirt away fast.

Improves engine efficiency.

Powerful jet supports an aggressive washing action. Dissolves thick grease deposits, lacquer and built up carbon.

Cleans carburettor and air intake components without dismantling.

Size: 500ml Aerosol Spray Can. Made in UK.
