We recommend using Briggs and Stratton Fuel Fit if using E5 & E10 Petrol blends, or alternatively use Aspen Synthetic Petrol Fuels in Garden Machinery products .

Fuel Fit combats the issues these Ethanol blend fuels create and also protects and prevents against fuel system damage caused by the E5 & E10 fuels.

Aspen Fuels negate the E5 & E10 Ethanol Petrol issues completely as they contain no Ethanol, whilst burning cleaner with reduced emissions than E5 or E10 Petrols.
