### Specifications

GRGGES25 Gorilla 5 Min 2-Part Epoxy Syringe 25ml

The crystal clear, gap filling, two-part adhesive.

Gorilla Epoxy delivers a strong, long-lasting bond to both household and automotive repairs.

The easy-to-use syringe dispenses an equal amount of resin and hardener, ready for you to mix together.

When mixed together and cured they create a permanent, durable and water resistant bond.

The two-part, gap-filling Gorilla Epoxy formula sets in 5 minutes and easily bonds steel, aluminium, glass, wood, ceramic, tile and most plastics\*.

Plus it dries crystal clear, ensuring your projects look spotless.

\*Not recommended for use on polyethylene or polypropylene plastic or similar materials
