H01N2D35BK Cable H01N2-D 1x35mm

Part No: H01N2D35BK

Price: £12.08 (exc VAT) | £14.50 (inc VAT)

Specifications

H01N2D35BK Cable H01N2-D 1x35mm

Brand: HELU

Description:

Highly flexible and durable neoprene-coated cables, mainly for use as welding cable between equipment and electrode/workpiece.

Also very suitable for wide applications in various industries, such as battery cable for cars, transport equipment and robotics.

These cables maintain their high flexibility even under the influence of ozone, light, oxygen, protective gases, oil and gasoline.

The robust construction makes them resistant to cold as well as heat and flame.

They are suitable for use in open areas and in dry and humid conditions.

Compliance with the EC Low Voltage Directive 2006/95/EC ensures that these cables meet the relevant safety and quality standards.

Conductor material: Copper

AWG size: 2

Nominal cross section conductor: 35 mm²

Conductor category: Class 6 = very flexible

Number of cores: 1

Screen over stranding element: None

Stranding element: No

Screen over stranding: None

Material core insulation: Rubber

Core identification: None

Outer diameter approx.: 12.8 mm

Permitted cable outer temperature during assembling/handling: -20.0-85.0 °C

Permitted cable outer temperature after assembling without vibration: -35.0-85.0

Nominal voltage U0: 100 V

Nominal voltage U: 100 V
