

## Exol LHM Brake Fluid Plus 1 Litre H104S518

**Part No:** H104S518

**Price:** £7.95 (exc VAT) | £9.54 (inc VAT)

### Specifications

Exol LHM Fluid Plus 1 Litre H104S518

LHM Fluid Plus is a specially formulated mineral oil based hydraulic and brake fluid. This must only be used on vehicles that specify a Mineral Brake Fluid.

LHM Fluid Plus is manufactured from a specialised mineral oil and selected additives to produce a hydraulic and brake fluid with a very high viscosity index.

Products Specifications: SO 7308 PSA B71 2710 New Holland NH-610A Ford M6C59-A

Benefits

Suitable for use in systems with pressure in excess of 150 bar

Very high viscosity index

Excellent wear protection

High resistance to oxidation

High degree of corrosion inhibition
