Specifications

HWUMIX5 Hobbyweld 5 Welding Gas 20L Bottle

Argon gas with a 5% carbon dioxide content.

The Hobbyweld 5 Ultra cylinder is perfect for welding mild steel under 7mm, combined with the increased gas capacity of the Ultra cylinder makes it ideal for much larger projects.

Hobbyweld 5 is the best selling gas we produce as it's range of application starts from small jobs around the house up to full scale car restoration jobs.

This gas would not be out of place in a garage or bodyshop.

The Ultra range comes with

Built in regulator with pressure and flow gauge

Quick action coupling

Equivalent capacity of a 30L cylinder

Rent free gas cylinders; simply pay a one off deposit for your first cylinder and first gas fill, keep it for as long as you need and then refill it as often or as little as you like.

Deposit is refundable on return of the bottle. (Must be returned with deposit form)
