Specifications

HY02-00931 Induction Flexi Coil 800mm

The SIP Induction Flex Coil is one of several replacement items available for the SIP 1500w Induction Heater Kit (01156).

Features

Used for placing around tubes, metal fixings and hard-to-reach objects, it is ideal for heating and releasing rusted-on or hard-to-move parts.

Easy-to-control and highly efficient, induction heating is ideal for a variety of heat treatment tasks in automotive, engineering and manufacturing applications.

Using an all-electric process, it offers greater levels of safety compared to oxyacetylene and other naked flame methods.

For placing around tubes, metal fixings and hard-to-reach objects

Ideal for heating and releasing rusted-on or hard-to-move parts

Replacement item for the SIP 1500w Induction Heater Kit (01156)
