Specifications

HY02-00942 SIP Induction Coil Straight 45/220mm

The SIP Induction Coil Straight (45mm) is one of several replacement items available for the SIP 1500w Induction Heater Kit (01156).

Features

Suitable for placing over or around nuts, bolts and fastenings, it is ideal for heating and releasing rusted-on or hard-to-move parts.

Easy-to-control and highly efficient, induction heating is ideal for a variety of heat treatment tasks in automotive, engineering and manufacturing applications.

Using an all-electric process, it offers greater levels of safety compared to oxyacetylene and other naked flame methods.

For placing over or around nuts, bolts and fastenings

Ideal for heating and releasing rusted-on or hard-to-move parts

Replacement item for the SIP 1500w Induction Heater Kit (01156)
