

## LA4011 Work light L/H LED 21W 2600lm 10-30v

**Part No:** LA10412

**Price:** £60.56 (exc VAT) | £72.67 (inc VAT)

### Specifications

LA4012 Work light R/H LED 21W 2600lm 10-30v

Features:

Meets latest LED technology Minimum 30.000 hrs of lifetime 1 year warranty

Universal: Truck, Off road, Tractor, Construction vehicle

Beam angle: 60 ° Technology: LED Cable length: 0.5m CISPR standard 25 Class 3

Colour temperature: 6000 K

Height: 95 mm Housing material: Aluminium Insulation class: 69K

Length (depth): 84 mm Light colour: White Light type: Flood

Luminous flux: 2600lm Max working temperature: 70 °C Min working temperature: -40 °C

Mounting position: Right, Top, Bottom, Lateral, Corner

Nominal voltage: 12 V - 24 V Nominal voltage range: 10-30 V Number of LEDs: 14

Plug type: Blade terminal Power: 21W Shape: Rectangular

Suitable for machine/vehicle brand: New Holland, Ford, Valmet, Valtra

Width: 158mm Number of cable cores: 2

Work light front and rear for Q-cab and Super Q-cab.
