Specifications

Exol Optima SS 5W-30 Engine Oil Semi Synthetic 205 Litre M113B01

Optima Vimax ZT 5W-30 is manufactured from a balanced blend of top quality mineral and synthetic base stocks, producing high quality engine oil with the properties of semi-synthetic technology.

Its naturally higher lubricity offers lower internal friction for reduced engine wear. Its low viscosity offers improved flow rates and hydraulic tappet performance during cold start and engine idling, a problem with many higher viscosity oils.

Optima Vimax ZT 5W-30 offers excellent stay in grade performance for today's modern multi-valve engines.
