Price: £5.99 (exc VAT) Save £1.20 (RRP £7.19) | £7.19 (inc VAT)

Specifications

M411355-1 Winntex 09708 Jack Lifting Pad Inlay

The WINNTEC® Replacement Inlay Liftpad is a robust trolley jack saddle pad.

It is manufactured from high-quality polyurethane (PU), perfect for ensuring stable load contact in professional automotive lifting applications.

Designed for a perfect fit and long-lasting performance with the WINNTEC® 1.5 Ton Aluminium / Steel Turbo Lifter Trolley Jack (09708).

Key Features

Replacement inlay Liftpad designed for trolley jack saddles

Manufactured from high-quality polyurethane for long-lasting lifting performance

Ensures reliably stable load contact and reduced risk of point-loading damage

Compatible with WINNTEC® 1.5 Ton Aluminium / Steel Trolley Jack (09708)
