

PP40E Sealey Plasma Cutter Inverter 40 Amp 230v

Part No: PP40E

Price: £332.95 (exc VAT) | £399.54 (inc VAT)

Specifications

PP40E Sealey Plasma Cutter Inverter 40 Amp 230v

- Inverter power supply fitted with plasma cutter control circuitry.
- Features digital Amp display and two LEDs on the front panel indicating overload and mains power.
- Supplied with a 4.6m plasma torch, 2m earth cable, 2m gas hose and regulator.
- Ideal for cutting steel, stainless steel, galvanized steel, aluminium, copper and brass.
- IP21S Rated.

Nett Weight: 9.4kg

Power Output: 8-40A

Duty Cycle: 60% @ 40A, 100% @ 30A

Maximum Cutting Thickness: 11mm

Air Requirements: 250L/min

Working Pressure: 43.5-58psi

Absorbed Power: 6.2kW

Supply: 230V*

Insulation: F

Protection: IP21S

Replacement Consumables:

Electrode, Short (Pack Qty): PP40E.E (x5)

Nozzle, Short (Pack Qty): PP40E.N (x5)

Diffuser (Pack Qty): PP40E.D (x5)

Safety Cap (Pack Qty): PP40E.SC (x2)

Note: *To achieve maximum power a 32A supply may be required.
