Specifications

SAC10001S Compressor 100 litre 2HP

- Low noise - compressor runs at only 86db(a), suitable for places where a standard compressor would disturb work or people in the vicinity.
- Aluminium construction - aluminium cylinder head with oxidized aluminium cylinder gives added resistance to wear.
- Automatic cut-out - fitted with fully automatic pressure cut-out switch and twin gauges displaying tank and working pressures.
- Oil free - the benefits of oil free compressors include: easy maintenance, reduced noise levels, better efficiency, quieter operation and no oil contamination in the air supply.
- Reliable and quiet - pump head directly coupled to heavy-duty induction motor for reliable and quiet operation.
- High quality tank - precision welded receiver tank manufactured to meet pressure vessel directive.
