Specifications

Echo SRM-3021TES/U Brushcutter

The 30.5cc SRM-3021TES U-handle brushcutter features a high torque head.

With a 1:1.62 gear reduction ratio, it generates outstanding levels of torque – up to 50% more than previous models.

More torque means more cutting performance and by installing thicker line, the user can tackle a wider range of tasks with just one brushcutter.

Featuring a comparatively small engine, the unit is lightweight and features low levels of vibration, but has the cutting performance of a higher capacity machine.

The SRM-3021TES starts almost effortlessly thanks to the Easy Start system.

This product is part of ECHO's X Series range of "best-in-class" products.

This Garden Machinery product can be collected in-store or is only available for local delivery to the following local Postcodes HR, WR, SY & LD.

***Warranty Terms & Conditions.**

To maintain the 5 year warranty the mower must be serviced before the end of the first year of ownership and annually thereafter by an authorised Echo dealer.

Failure to keep the Mower serviced at these intervals will result in the warranty reverting

to a standard warranty period.

(5 year warranty for domestic users only)
