

TS20505E Ratchet Strap 50mm 5 mtr

Part No: TS20505E

Price: £12.45 (exc VAT) | £14.94 (inc VAT)

Specifications

TS20505E Ratchet Strap 50mm 5 mtr

Lashing strap with ratchet and long lever providing a higher tensioning force, fitted with a narrow pointed hook.

Features

Professional load securing system with robust corrosion-resistant ratchet

Particularly high tensioning forces thanks to ratchet with long lever

Specifications

Lashing capacity for tension in straight line or Lashing capacity by strapping

Performance in accordance with EN 12195-2

Temperature range: -40°C to +100°C

Equipped with pointed hooks

Little stretch in the strap reduces the risk of retensioning

Never use lashing straps for lifting purposes

Attach the lashing straps so that the strap is not twisted

Never put load on the point of hooks

The ratchet must not be tensioned on a corner of the load

Always use protective gear with loads with sharp edges and/or rough surfaces

Never use polyester lashing straps in alkaline environments

Width 50 mm

Length 5 m

Bracket type Hook

Lashing capacity for tension in straight line LC1 2500 kg

Lashing capacity by strapping LC2 5000 kg

Colour Orange
