TTX1292 1/2" Drive Torque Wrench Set 40-210Nm

Set containing a 1/2" drive torque wrench with a built in angular gauge (40-200Nm/30-150ft/lb).

The set is supplied in a unique Teng Tools drawer width TTX tray and can be used either on it's own or as part of the Teng Tools TC control system.

The tray features a removable hinged click lock lid and dove tail joints which enable different trays to be locked together and used as trays in Teng Tools tool boxes and roller cabinets.

All of the tools in the set have their own individual place so lost tools can easily be identified.
