

VLA1169 Geared Oil Filter Wrench

Part No: VLA1169

Price: £20.74 (exc VAT) | £24.89 (inc VAT)

Specifications

VLA1169 Geared Oil Filter Wrench

This clever little oil filter wrench attaches to a 3/8" drive ratchet handle and the design allows for broad range and tremendous gripping power.

The geared mechanism pulls the wrench legs into the filter giving extra grip to help remove the Filter.

Fits easily into tight spots and features heavy duty grooved legs for a more positive grip.

Fully adjustable from 65-110mm (2 1/2" - 4 5/16").
