Part No: VLB1065

Price: £98.78 (exc VAT) | £118.54 (inc VAT)

Specifications

VLB1065 Rotary Adblue Pump with Viton Seals - C/W Adaptor

Safely dispense Adblue fluid with this purpose made pump to help avoid cross-contamination.

Suitable for Adblue, water based solutions and petroleum products.

This rotary vane pump is constructed with polypropylene body and tubes, thermoplastic (Ryton) vanes and rotor.

Utilises viton seals and comes complete with 2" BSP adaptor, 3 piece suction tube and 3/4" BSP inlet/outlet threads.

- Output 400ml per rotation.
