(Please note: For **E5 & E10 Ethanol blend Petrol fuels -

For Petrol Engines we recommend using Briggs and Stratton Fuel Fit if using E5 & E10 Petrol blends.

Fuel Fit combats the issues these Ethanol blend fuels create and also protects and prevents against fuel system damage caused by the E5 & E10 fuels.

As an alternative, Aspen synthetic Fuels also negate the E5 & E10 Ethanol Petrol issues completely as they contain no Ethanol, whilst burning cleaner with reduced emissions than E5 or E10 Petrols.)
