

VLC1068 Battery Trickle Charger 1 Amp 6/12V

Part No: VLC1068

Price: £35.10 (exc VAT) | £42.12 (inc VAT)

Specifications

VLC1068 Battery Trickle Charger 1 Amp 6/12V

Maintenance Charger

- Amperage: 1 amp
- Volt: 6 / 12V
- Maintenance charge: 120Ah
- For Standard Lead Acid, AGM, GEL Batteries
- CE, TUV, GS, CCA certified
- The 9-stage microprocessor controlled charging process provides the best possible application and enables efficient battery charging
- Improved protection of the battery : operating errors are prevented by protective mechanisms
- Overloads, short circuits, overheating and reverse polarity are avoided and battery defects due to

charging errors are excluded

- Intuitive operation! The only premium devices with LCD Displays on the market, thus allowing an easy and intuitive usage.
- Accessories: O-ring connectors for easy connection to seasonal vehicles such as ride on mowers, seasonal equipment, motorcycles, vintage cars and convertibles

Voltage 6-12

Amps 1

Battery Range Maintenance charge up to 120Ah

Battery Types Lead / AGM / Gel
