

VLC5665 Dash Camera 2.4" 1080P Screen

Part No: VLC5665

Price: £286.69 (exc VAT) | £344.03 (inc VAT)

Specifications

VLC5665 Dash Camera 2.4" 1080P Screen

Robust Dash Cam with GPS and interior cabin view camera.

Both cameras are designed for easy installation and to work in all light conditions, even when driving at night.

The cameras switch on as you start your engine, protecting your battery when not in use. The cabin cam can be used for extra cabin security for passengers or loads within the vehicle.

Important files can be saved and protected and when in use the camera automatically records to the supplied SD card, recording in a loop for easy maintenance.

Features:

- Dash cam to record vital evidence
- GPS function
- Adjustable 120° lens to capture a wide view of the road
- 2.4" screen with 1080p HD resolution

- Lockable Micro SD slot to prevent tampering
- Streamlined profile
- Audio and loop recording
- Shock sensor saves recordings when a collision is detected
- Includes 64GB MicroSD card
