Specifications

VLC5810 CB Radio DIN

VLC5810 is a very versatile CB radio from Midland: compatible with all DIN compartments.

You can put it on the dashboard or attach it to the windscreen with the suction cup attachment.

Or use the DIN mount and fit in an existing compartment, the choice is yours.

With a large multicolour TFT LCD display, filters to eliminate unwanted noise and a universal power socket (12/24 V).

Included in the box.

- Midland 88 unit
- Microphone with clip
- Mounting bracket c/w screws
- Protection fuse
- Suction cup for dash or glass mounting
- DIN bracket
