

Agri TXT Navigator Hardware & Software

Part No: VLC5901

Price: £2977.49 (exc VAT) | £3572.99 (inc VAT)

Specifications

TXT Navigator. Includes hardware, Agri software, Bluetooth drivers, Hasp key, standard automotive cable and instructions.

IDC4 Agri Plus offers a number of innovative functions:

- Technical bulletins describing how to solve specific problems. If the problem has already been solved, the entire procedure will be available.
- General vehicle diagnostics (to access all diagnostic functions and technical information).
- Mechanical and technical data (mechanical adjustments, tightening torques and wheel alignment data).
- Advanced electronic information (wiring diagrams, ABS and component datasheet, safety, comfort, transmission, entertainment, lighting and bodywork systems, system and device datasheets).
- Routine maintenance data (according to manufacturer specifications).
- Additional electrical information (lighting, dashboard, doors, windows, sunroof, seats, rear-view mirrors, standard hi-fi equipment, alarm systems).
- Timing Belts (technical data for correct replacement).
- Air-conditioning data (operative A/C system recharging procedures).
- Spare part orders management (special pre-defined procedures to facilitate orders).
- Customer management (storage of repairs, work, servicing, tests, emission certificates).
