

VLC6141 LED Beacon Bolt Mount 12-24V

Part No: VLC6141

Price: £35.58 (exc VAT) | £42.70 (inc VAT)

Specifications

VLC6141 LED Beacon Bolt Mount 12-24V

ECE R10 approved LED warning beacon with 40 long-life high intensity LED's. Surface mounted single bolt fitment.

Single stainless steel hollow bolt mount fitting to conceal wiring for a clean installation.

Compact, low profile "boule" design. Manufactured with a tough, durable plastic body and an impact-resistant polycarbonate lens.

3 selectable flash patterns; 360° rotating, low speed strobe and high speed strobe.

Very low current draw means low power consumption for a longer working life and better use of available, stored vehicle battery energy.

E-marked. Measurements: Width 127mm; Height 163mm. Pre-wired with 2 core cable.

- 40x high intensity LED's
- Very low power consumption
- Modern low profile design

- Reverse polarity protection
- IP66 rated - dust & water protection
- Operating temperature -30°C + 50°C Can be used on either 12V or 24V vehicles
