

VLC6224 LED Inspection Lamp 250 Lumens

Part No: VLC6224

Price: £24.15 (exc VAT) | £28.98 (inc VAT)

Specifications

VLC6224 LED Inspection Lamp 250 Lumens

Slim inspection lamp, to get light into the narrowest spaces in the engine bay. Emits up to 250 lumens, for comfortable working conditions.

Ideal for broad illumination as well as lighting up narrow gaps.

Also features a torch function for concentrated beam (125 lumens).

The lamp has 180° ratcheting design and integral hanging hook to position light exactly where it is required and includes a magnet for hands free work.

Rechargeable and cordless via USB-C eliminating messy wires and allowing you to move around the workshop.

Although the lamp has a 3-hour maximum power operating time, the torch has 5-hour maximum life operating time.

- Torch emits 125 lumens & Lamp emits up to 250 lumens
- 180° ratchet, Hands free working with magnets and hook

- Rechargeable and cordless via USB-C charging. Max operating time 3 hours.
- Virtually unbreakable polycarbonate lens & ABS construction to withstand tough working conditions
