Part No: VLC6225

Price: £30.97 (exc VAT) | £37.16 (inc VAT)

Specifications

VLC6225 LED Inspection Lamp 1000 Lumens

This LED inspection lamp combines both a handheld lamp and also has a torch function.

The long lamp provides a uniform and powerful light and is an excellent solution for either focused light or illuminating a whole area.

Its slim and compact design makes it ideal for hard-to-reach areas.

The head of the lamp is tiltable through 180° degrees.

The robust casing includes a built-in magnet and a swivel hook to allow for hands-free working.

The main lamp is positionable across a 120 degree angle.

The light output of the main lamp can be controlled using a dimmer switch that goes from 100 lumens up to 1000 lumens.

Thanks to its IP65 waterproof rating and its impact resistance rating of IK07, the lamp will withstand almost any environment and can be used in everyday life for various applications.

- Rechargeable via USB-C cable and cordless

- On 100 lumens Max battery life is 8 hours & on 1000 lumen Max battery life is 1.5 hours
- A 180-degree swivel hook & magnets to allow hands-free use
- IP65 waterproofing and IK07 impact ratings
