Part No: VLC6227

Price: £15.83 (exc VAT) | £19.00 (inc VAT)

Specifications

VLC6227 LED Inspection Lamp 200 Lumens

The Rechargeable Slim LED Inspection Lamp is ideal for the dark lighting environment of the garage workshop or can also be used for DIY in the home.

With a 180-degree flexibility and 360-degree rotation motion, light can get exactly where it's needed.

A magnet at the bottom of the lamp also allows hands-free working. Includes three light functions - high (200 lumens), low (100 lumens), torch (50 lumens), perfect for situations with any kind of lighting.

A 3-hour battery life and a recharge time of just 90 minutes gives you more time to do the work that's needed. USB-C charger included.

- Pocket sized, Three light levels - High (200 lumens) Low (100 lumens) and Torch (50 lumens)
- Multi angle light - 180-degree flexibility and 360-degree rotation motion
- Rechargeable Lithium-ion battery - 3 hour battery life - 1.5 hour charging time
- Magnet on base for hands-free working

- USB-C charger included
