Specifications

XMS24BARSET Roughneck Gorilla Pro-Grip Utility Bar Twin Pack

NEW, the XMS Gorilla Pro-Grip Utility Bars Twin Pack, 380 & 180mm, are manufactured by Roughneck, giving an excellent value XMS saving.

These Bars are an exclusive carded twin pack combination featuring 15" and 7" versions of Roughneck's popular Gorilla Pro-Grip Bar.

They have a number of features, as you would expect, including being drop forged, heat treated and powder coated.

They each have 3 nail removers and have the I-beam profile and come with a high-grip design, basically everything you may need to get the job done.
