Specifications

XMS24BLADES Stanley Fatmax Replacement Trimming Knife Blades

The 100 XMS Utility Blades, in a smart dispenser, produced by STANLEY® FatMax® are their first ever induction hardened blade.

The FatMax® Utility Blades are 20% stronger, 75% sharper and offer twice more life than a traditional Stanley blade.

They are the first ever induction hardened blade, with a new blade geometry which provides more blade edge.

They are resistant up to 35kg.

So stronger, sharper and longer lasting!
