Specifications

XMS25ADJPUMP Bahco Adjustable & Waterpump Plier Set

The New & Exclusive XMS 9031 Adjustable & 8224 Waterpump Plier Set, this 2 Piece set are superbly manufactured by Bahco.

The 9031 Adjustable Pliers are made of hardened carbon steel with a phosphated finish.

They have a 40% wider jaw opening compared to standard wrenches, along with a jaw opening measurement scale.

Fitted with a comfort grip handle they are ideal for plumbers.

The 8224 Waterpump Pliers, developed according to the scientific ERGO™ process, have a one hand operated quick adjust mechanism.

The teeth are designed to ensure grip and the jaws for flat and pipe shape gripping.

ERGO™ handles in two-component combination, thermoplastic surface, for comfortable grip, on tough polypropylene core for rigidity.

Material: High performance alloy steel, hardened for extra durability and phosphate finish, anti-corrosion treated. ISO 8976.

IP: Industrial Packed.

They have single thumb button adjustment with maximum comfort with minimum effort due to the ergonomic design.

Suitable for both flat and round gripping, a GKO must if ever you saw one!
