

XMS25DB115 Coreplus 115mm Diamond Blade Triple Pack

Part No: XMS25DB115

Price: £20.83 (exc VAT) | £25.00 (inc VAT)

Specifications

XMS25DB115 Coreplus 115mm Diamond Blade Triple Pack

This XMS General Purpose Diamond Blade - 115mm Triple Pack, produced by CorePlus, utilises hybrid turbo technology (HTT),

Interspersed turbo segments provide the optimum balance between long life and fluid speed.

It has a precision-engineered, high-grade steel tensioned core for a blade which spins true.

A high concentration of premium-grade diamond per segment and a bonded cutting edge help to prevent the diamond from getting glazed over in use.

Manufactured to EN 13236 quality standard.

The CorePlus GP115 General-Purpose Hybrid Turbo Diamond Blade has the following specifications:

Diameter: 115mm

Bore: 22.23mm

Segment Height: 15mm

Segment Width: 2.8mm.
