Specifications

XMS25WINTER 400 Lumens Elite Rechargeable Headlight

This proven XMS 400 Lumens Elite Rechargeable Headlight by Lighthouse, really does the job, and when needed has an excellent Boost feature.

This compact and lightweight rechargeable head light features a 400 lumen output LED.

With three operating modes of High, Medium & Low, with an emergency use Boost function for when extra lumens are required.

It is a compact head torch with this super bright added feature.

Resulting in a runtime of up to 40hrs dependant on light mode selection, temperature and life cycle usage.

It is held in a reflective headband, and, most importantly, is a rechargeable head light.
