XMS25PXGRIND Einhell 18V 115mm Angle Grinder (Bare Unit)

Battery and Charger available separately as part no. **XMS25PX START**

** Coreplus 115mm Disks available as part no. **XMS25DB115****

The XMS 18V Power Xchange 115mm Li-Solo Angle Grinder Bare Unit built by Einhell has a brushless motor providing more power and longer running time.

The Grinder has a Quick stop for fast and easy tool change, it also has adjustable speed control along with a heavy-duty hexagonal chuck and a special impact mechanism to protect the wrist from the torsional force.

This Einhell grinder is built with a lightweight design with ergonomically shaped soft grip handle and fitted with an integral LED light to illuminate the working area.

Includes belt clip to always keep within easy reach.
