### Specifications

#### XMS25SCNGRP ScanGrip Flash 600R Rechargeable Torch

This XMS Flash 600R Rechargeable Torch of 600 Lumen has been developed by Scangrip, a Get Kitted Out product perfect for those dark winter mornings and nights.

It features a magnetic on/off switch with boost mode enabling you to increase the light output from 300 to 600 lumen.

Hold down the on/off switch for two seconds to activate boost mode.

The flashlight automatically turns to NORMAL mode after 60 seconds.

A focus function allows you to vary the beam angle from 10° to 70°, from concentrated and focused light beam angle to long-distance light.

Light output reaches up to 150m.

The housing is made of anodised aluminium for high durability, an ergonomic and safe grip. Waterproof, IP54.

Tested according to the ANSI/NEMA FL1 standard.

Supplied with: 1 x 1m USB Charger Cable, 1 x Clip-on Holster and 1 x Manual.
