### **Specifications**

XMS25SCREWS Fixings & Fasteners 1500 Piece Multi-Purpose Screw Organiser

This New & Exclusive XMS Multi-Purpose Screw Organiser with 1500 Piece is created by Forgefix.

It is an outstanding way to organise yourself so why not Get Kitted Out now!

Here is why, the pieces include highly versatile and immensely popular single thread countersunk ZYP woodscrews.

Quicker and easier insertion screws, thanks to an extra deep insert bit recess which enables a firmer positive drive.

Special wax coating on the screws which increases speed and ease of insertion.

These screws offer more corrosion resistance than zinc plated products thanks to the additional passivation process.

UKCA/CE approved for use in load-bearing timber construction.

5 x PZ2 x 25mm bits in every 1500, corrosion resistant, piece kit.
