Specifications

XMS25UTILITY Roughneck Pro-Grip Utility Bar Set

The XMS Gorilla Pro-Grip Utility Bars Twin Pack, manufactured by Roughneck, includes two essential tools in 380mm (15") and 180mm (7") sizes.

These utility bars offer exceptional leverage and control for nail removal and other prying tasks, designed with a high-grip I-beam profile.

A great addition to your Get Kitted Out order.

The drop-forged and heat-treated construction ensures durability, while the powder-coated finish adds protection against rust and wear.

Features including them each being crafted for exceptional strength and durability, these utility bars are built to withstand tough conditions.

The powder-coated surface enhances corrosion resistance and ensures a longer lifespan.

Each bar is equipped with three nail removers, making it easy to handle a variety of tasks with efficiency.

Designed for maximum strength and stability, providing reliable leverage for prying and pulling.

The textured surface ensures a secure hold, allowing you to work, even in challenging situations
